A passionate computer science student with a solid background in hotel management, I am eager to leverage my comprehensive skills in a professional IT environment. Currently studying computer science at Anglia Ruskin University, I am ready for new challenges. My management experience has honed my organizational and problem-solving skills. I believe my unique combination of experience and skills would be a valuable addition to any IT team or project.

Education

- **BENG (Hons) Computer Science** (Ongoing), Anglia Ruskin University, 2020-2024
